ALLERGEN INFORMATION AND DIETARY GUIDE

All dishes are prepared in kitchens where allergens are present. While we take every reasonable precaution to minimise the risk of cross-contamination, **we cannot guarantee that any menu item is completely free from allergenic ingredients.**

If you have a food allergy, intolerance, or sensitivity, **it is essential that you inform a member of our team before placing your order.** The **manager on duty will personally oversee your order**, and the chef on duty will prepare your food with extra care. Please note this may result in slightly longer preparation times, as we prioritise your safety. Despite these measures, **guests with severe allergies should be aware that they consume food at their own risk.**

Delivery & Collection Orders

If you have an allergy, **please call the restaurant with your order number immediately after placing the order and speak directly with the manager on duty**, who will personally oversee the preparation of your food. While every care is taken, **we cannot accept liability for any adverse reactions that may occur.**
